## NOTICE

Beginning at 7 AM on Tuesday May 17, 1966, the number 93083 will be the only number which can be used from a P & T telephone to reach the USAID operator. This one number will cause the USAID dial equipment to search thru all the 14 circuits and connect the caller to an idle drunk. Old numbers — 23234/5/6, 23612/3/4, 25492/3/4/5/6, 23783 or 24959 are discontinued.
